Shiro, the Japanese word for "castle," was selected for its imagery and desire to provide exceptional food and service.

Shiro was founded on the tradition of "true" Japanese hibachi steak house, a concept that introduced America to the cooking art form known as teppanyaki. In Japanese, teppan means "iron plate" or a "steel sheet," and yaki "stir-frying food" or "stir frying." The teppanyaki and hibachi styles come together to create a mouth-watering form of cuisine that continues to increase in popularity.

The Trapasso family strives to create an atmosphere like no other in the Pocono Mountains. Whether it's a birthday or anniversary, corporate party, family gathering, business meeting or a romantic dinner for two, Shiro's atmosphere is the perfect fit. Sit back and enjoy the finest Japanese cuisine, professional & friendly service and engaging hibachi chefs from around the world.

10% of the proceeds from the D & V game room go towards local charities. So have fun for a good cause!

Please note that our entire menu is available at our Teppan Yaki tables. However, Teppan Yaki meals are not available in our Sushi area.
